rooted in history and calm

About the Property

Seclude Hampi 1800 is a boutique heritage stay in Sandur near the ancient ruins of Hampi, beautifully restored from one of the residences of the Royal Ghorpade family of Sandur and designed to blend local architecture, hand-carved woodwork and artisan furniture with tranquil gardens and a peaceful ambience. The property offers six uniquely named rooms—such as Sugriva Red, Tungabhadra Blue, Bazaar Yellow and Kishkindha Green—each inspired by aspects of Hampi's cultural and natural landscape, and sits as a calm, heritage-rich alternative to typical hotels close to the UNESCO World Heritage Site, inviting guests to relax and soak in the artistry, history and rhythms of the region.
